AA *see* alopecia areata
acinar cell carcinoma, lipase-secreting, with subcutaneous nodular fat necrosis 384
acne conglobata with IgA gammopathy and pyoderma gangrenosum 213
acne inflammation, increased hydrogen peroxide generation by neutrophils 366
acne vulgaris
  factors related to patient compliance in treatment 274
  role of biofilms in pathogenesis 925
acquired melanotic proliferations, seasonal effect on excision 686
acral lentiginous melanoma, immunohistochemical study of 20 cases 123
acupuncture, *Mycobacterium chelonae* infection with multiple cutaneous lesions following 642
acute myelogenous leukaemia, solitary embolic cutaneous aspergillosis in immunocompromised patient 946
adenosquamous carcinoma, Mohs' micrographic surgery 957
adjustment to alopecia areata 434
Afro-Caribbean population, study of skin disease spectrum 287
AIDS *see* HIV infection
alefacept, repeat intravenous courses in chronic plaque psoriasis 224
allergens in shoe dermatitis, experience in Lahore, Pakistan 605
ALM, immunohistochemical study of 20 cases 123
alopecia
  androgenetic, with trichodynia and telogen effluvium 691
  with vitamin D-dependent rickets type II, case reports and literature review 682
alopecia areata (AA)
  mild-to-moderate, comparison of efficacy of betamethasone valerate foam formulation and betamethasone dipropionate lotion in treatment 572
  multiple-type, linear polarized infrared irradiation using Super Lizer™ 738
  psychiatric comorbidity and adjustment to illness 434
alternariosis, cutaneous, in renal transplant recipient 630
ammonium lactate, response of axillary intertriginous granular parakeratosis 382
amoxicillin, eruption associated with treatment in infectious mononucleosis 553
AMPs, seasonal effect on excision 686
AMVC, familial 530
anal stricture with dyskeratosis congenita 555
anaphylaxis due to burdock 472
anaplastic large cell lymphoma associated with extensive xanthelasma and hyper-IgE syndrome 945
anaplastic lymphoma, bilateral pseudocyst of the auricle in patient with secondary pruritus 818
ANCA tests, clinical utility for the dermatologist 859
anetoderma, familial 75
angioleiomyoma, distal digital 141
annular elastolytic giant cell granuloma 290
annular granuloma, generalized, response to isotretinoin 321
anti-CagA antibodies, incidence in rosacea patients 601
anti-*Helicobacter pylori* antibodies, incidence in rosacea patients 601
anti-hepatitis C virus, seronegative and seropositive Nigerian patients, evaluation of clinical types of cutaneous lichen planus 933
antimicrobial agents, resistance of *Staphylococcus aureus* isolates from impetigo patients 23
antineutrophil cytoplasmic antibodies tests, clinical utility for the dermatologist 859
Apligraf®, clinical and economic impact for the treatment of non-healing venous leg ulcers 960
apocrine carcinoma of the vulva, band-like arrangement with inflammatory and telangiectatic metastasis via local lymphatic channels 71
Arctium lappa see burdock
areola, hyperkeratosis resulting from organoid nevus 318
argyria associated with colloidal silver supplementation 549
arthritis, psoriatic, newly available treatments and impact on skin psoriasis 231
aspergillosis, solitary embolic cutaneous, in immunocompromised patient with acute myelogenous leukaemia 946
atrophia maculosa varioliformis cutis, familial 530
atrophying tinea versicolor, clinical and histological study of 12 patients 928
auricle pseudocyst in patient with pruritus secondary to anaplastic lymphoma 818
axillary intertriginous granular parakeratosis, response to topical calcipotriene and ammonium lactate 382
azathioprine, current status and future considerations 335

Barraquer–Simons syndrome with benign infundibulocystic proliferation 210
basal cell carcinoma of the eyelid, high incidence of demodicidosis in 567
bax protein, examination of expression in psoriasis 789
BCC of the eyelid, high incidence of demodicidosis in 567
Bcl-2, examination of expression in psoriasis 789
Bcl-X, examination of expression in psoriasis 789
Behçet's disease (BD)
  disseminated cryptococcosis with cutaneous lesions as complication of corticosteroid therapy 821
  effects of disease activity on VEGF levels 870
  evaluation of clinical findings according to sex in 2313 Turkish patients 346
  and nitric oxide production 244
  prevalence in Istanbul, Turkey 803
Belgium, sunscreen use and skin protection behavior on the beach 352
benign infundibulocystic proliferation in Barraquer–Simons syndrome 210
betamethasone dipropionate lotion, comparison of efficacy with betamethasone valerate foam formulation in treatment of mild-to-moderate alopecia areata 572
betamethasone valerate foam formulation, comparison of efficacy with betamethasone dipropionate lotion in treatment of mild-to-moderate alopecia areata 572
bexarotene, topical, long-term control of mycosis fungoides of the hands 238
biofilms as major factor in pathogenesis of acne vulgaris 925
bioinformatics, use to get new insight into pathogenesis of Reiter's syndrome 242
blister beetle dermatitis in northern Iraq 608
body piercing, inoculation cutaneous tuberculosis following 645
Borrelia burgdorferi antigens, IgG antibody reactivity to in patients with morphea in Colombia 882
bowenoid papulosis, detection of HPV 16 in 474
Brazil
  household cluster of tinea capitis caused by *Trichophyton violaceum* 666
  sporotrichosis with widespread cutaneous lesions related to transmission by domestic cats 677

bromoderma 370
bullous erysipelas with leukocytoclastic vasculitis 300
bullous morphea, treatment of ulcers with tissue-engineered skin 402
burdock, anaphylaxis due to 472

calcipotriene, topical, response of axillary intertriginous granular parakeratosis 382
calcipotriol, prospective randomized study of calcipotriol versus coal tar in stable plaque psoriasis 834
calcium dobesilate, open trial in venous ulcers and stasis dermatitis 147
CAM *see* complementary and alternative medicine
carotenoderma, review of current literature 178
Casanova and venereology 977
cats, domestic, sporotrichosis with widespread cutaneous lesions related to transmission by in Brazil 677
CD, current perspectives 533
celiac disease and dermatitis herpetiformis 585
central nervous system–pulmonary hypersensitivity syndrome, minocycline-induced 316
ceramides and stratum corneum structure, function and promotion of repair 256
Ceratopogonidae 459
chancroid
  contemporary appraisal 182
  incidence determinants in attendees at a sexually transmitted diseases clinic in Athens 876
chemotherapy, transverse leukonychia induced by 468
childhood
  cranial fasciitis 137
  demodicidosis in a child with leukemia, treatment with ivermectin and permethrin 724
  prevalence of pediculosis capitis in schoolchildren in Mersin, Turkey 694
  prevalence of varicella-zoster virus in pediatric population in 2 university hospitals in Brazil 193
chlamydial genital infection, incidence determinants in attendees at a sexually transmitted diseases clinic in Athens 876
cholinergic urticaria, successful treatment with scopolamine butylbromide 850
chromoblastomycosis, lymphoscintigraphic analysis 622
chromomycosis, treatment by cryosurgery with liquid nitrogen 408
chronic clonal myeloproliferative disease with linear IgA dermatosis 143
Churg–Strauss syndrome manifested by urticarial plaques 386
ciclosporin *see* cyclosporine
Clarke–Howel–Evans syndrome, lung carcinoma with congenital plantar keratoderma as a variant 461
coal tar, prospective randomized study of calcipotriol versus coal tar in stable plaque psoriasis 834
collagen diseases, overlapping features with post-transplantation chronic graft-versus-host disease 292
complementary and alternative medicine (CAM)
  in dermatology: telling fact from fiction 979
  use among patients attending a hospital dermatology clinic in Taiwan 616
congenital agminated nevi on the trunk 942
congenital pigmented nevus, eczematous halo reaction 895
congenital plantar keratoderma with lung carcinoma as a variant of Clarke–Howel–Evans syndrome 461
corticosteroids
  in Behçet's disease, disseminated cryptococcosis with cutaneous lesions as complication 821
  disseminated mucocutaneous leishmaniasis resulting from chronic use 703
  prescription with antifungals and antibiotics, Cushing syndrome related to 318
  topical, lack of response by recurrent aphthous stomatitis 394
cosmetic dermatitis, current perspectives 533
COX-2-specific inhibitor therapy, acute onset of neutrophilic dermatosis following 389
cranial fasciitis of childhood 137
Creutzfeldt–Jakob disease, ectoparasites as vectors 425
Crohn's disease with cutaneous Wegener's granulomatosis 896
cryosurgery
  comparison with trichloroacetic acid solution in treatment of solar lentigines 829
  liquid nitrogen, in treatment of chromomycosis 408
cryptococcosis, disseminated with cutaneous lesions, as complication of steroid therapy for Behçet's disease 821
Cuba–U.S. Dermatology Exchange 420
Cushing syndrome following prescription of antifungal, antibiotic, corticosteroid cream 318
cutaneous anaplastic large cell lymphoma, secondary, remission following treatment with liposomal doxorubicin 464
cutaneous leishmaniasis
  detection of new endemic areas in Pakistan 543
  rare variants: whitlow, paronychia and sporotrichoid 807
  transient effect of topical treatment with imiquimod 576
  unresponsive, treatment with combination of N-methilglucamine antimoniate and pentoxifylline 203
cutaneous lupus erythematosus presenting as multiple keratoacanthoma-like nodules 950
cyclosporine, preliminary findings in open trial of sulodexide compared with cyclosporine therapy in oral erosive/ulcerative lichen planus 308

Dead Sea photoclimatherapy, UV radiation properties applied to 359
death receptors, role in dermatology 3
Demodex infection
  in a child with leukemia, treatment with ivermectin and permethrin 724
  high incidence in eyelid basal cell carcinoma 567
Denmark, comparative 10-year study of achievements in dermatological research with Israel 398
dermatitis
  cosmetic, current perspectives 533
  Paederus (blister beetle) in northern Iraq 608
  perioral, an update 514
  shoe, common allergens 605
dermatitis herpetiformis (DH) 588
  and celiac disease 585
dermatofibroma, pre-operative evaluation of visible and palpable diameters 736
dermatological research, comparative 10-year study of achievements in Denmark and Israel 398
dermatology
  complementary and alternative medicine: telling fact from fiction 979
  role of death receptors 3
dermatology elective, diagnostic performance and retention of acquired skills following 812
dermatomal lichenoid graft-versus-host disease within herpes zoster scars 562
dermatomyositis

juvenile, Modigliani's *Fillette en bleu* as case of 327
periorbital edema as presenting sign 466
dermoscopy, evaluation of eccrine porocarcinoma arising in seborrheic keratosis 653
dextromethorphan, multifocal fixed drug eruption induced by 501
DH *see* dermatitis herpetiformis
Diptera 459
dipyridamole in treatment of Kasabach–Merritt syndrome 741
doxorubicin (Doxil®), liposomal, remission of secondary cutaneous anaplastic large cell lymphoma following treatment 464
DRs, role in dermatology 3
dysfibrinogenemia and Sneddon syndrome 561
dyskeratosis congenita with esophageal and anal stricture 555
dysplastic nevus syndrome with melanoma and mycosis fungoides 116

EBV *see* Epstein–Barr virus
eccrine porocarcinoma arising in seborrheic keratosis, dermoscopy evaluation and treatment with Mohs' technique 653
ectoparasites as vectors for prion diseases 425
eczematous halo reaction in congenital pigmented nevus 895
edema, periorbital, as presenting sign of dermatomyositis 466
education, skin cancer education initiative at professional baseball game 524
Egypt, prevalence of skin diseases in rural area of Assiut Governorate, Upper Egypt 887
epidermal graft, gauze-fixed, following radiosurgery in treatment of acquired syndactyly 832
epidermal nevus, hyperkeratosis of the nipple and areola resulting from 318
epidermal reconstruction by grafting of keratinocytes cultured on polymer support 219
epidermodysplasia verruciformis with HIV infection, lack of response to HAAR 296
Epstein–Barr virus (EBV)
artificial reproduction of atypical hydroa vacciniforme caused by infection 476
primary cutaneous CD30+ large B-cell lymphoma associated with 718
erysipelas, bullous, with leukocytoclastic vasculitis 300
erythema, persistent generalized, in adult-onset Still's disease 824
erythema induratum of Bazin, role of PCR in diagnosis 380
erythema migrans, presentation of Lyme disease as multiple lesions 715
erythroderma, histoplasmosis presenting as in a patient with AIDS 636
esophageal stricture with dyskeratosis congenita 555
extra transverse digital crease and sickle cell disease/trait 936
eyelids
basal cell carcinoma, high incidence of demodicidosis in 567
trichoblastoma 201

face
cutaneous malignant fibrous histiocytoma 952
linear focal elastosis 558
rejuvenation by resurfacing lasers 480
familial anetoderma 75
familial atrophia maculosa varioliformis cutis 530
FDE, multifocal, induced by dextromethorphan 501
female genital mutilation 28
Fillette en bleu (Modigliani) as case of juvenile dermatomyositis 327
fingers
distal angioleiomyoma 141
extra transverse digital crease and sickle cell disease/trait 936
fixed drug eruption, multifocal, induced by dextromethorphan 501
freer dissector, use in removal of trichilemmal cysts 405

gabapentin, role in treatment of diseases with cutaneous manifestations and pain 491
genital mutilation, female 28
giant cell granuloma, annular elastolytic 290
gingival hyperplasia with Proteus syndrome 826
Global Solar UV Index, physician's tool for fighting skin cancer epidemic 846
gluten-sensitive enteropathy, spectrum of 585
gonococcemia, disseminated 208
gonorrhea, incidence determinants in attendees at a sexually transmitted diseases clinic in Athens 876
graft-versus-host disease
chronic post-transplantation, overlapping features similar to various collagen diseases 292
dermatomal lichenoid, within herpes zoster scars 562
Greece, spectrum of idiopathic photodermatoses 449

HAAR, lack of response of epidermodysplasia verruciformis in HIV infection 296
hair, laser removal systems compared in different skin types 68
hair follicles, molecular insights into growth control and pathology 40
hamartoma, linear ectodermal cutaneous 376
hand, enlarging pigmented patches 810
head lice
and pillows 626
prevalence in schoolchildren in Mersin, Turkey 694
Henoch–Schönlein purpura nephritis 170
hepatitis C virus and evaluation of clinical types of cutaneous lichen planus in Nigerian patients 933
herpes simplex on scrofuloderma scar 664
herpes zoster scars, dermatomal lichenoid graft-versus-host disease within 562
herpetic whitlow during isotretinoin therapy 496
highly active antiretroviral therapy, lack of response of epidermodysplasia verruciformis in HIV infection 296
histopathology
prurigo pigmentosa 417
value in vitiligo 57
histoplasmosis presenting as erythroderma in a patient with AIDS 636
HIV infection
epidemic Kaposi's sarcoma related to in West African women 794
with epidermodysplasia verruciformis, lack of response to HAAR 296
histoplasmosis presenting as erythroderma in a patient with AIDS 636
prevalence of skin disease during pregnancy 521
and tinea corporis, case report and assessment of oral therapy 839
hospital dermatology clinic, Taiwan, complementary and alternative medicine use among patients attending 616
house dust mite, atopy patch test reactivity to in patients with scabies 246
HPV *see* human papillomavirus
HTLV-1, asymptomatic carrier, nasal-type natural killer cell lymphoma preceded by benign panniculitis 710
human papillomavirus (HPV)
multifocal papillomavirus epithelial hyperplasia, laser therapy combined with IFNα-2b 733
type 16, detection in bowenoid papulosis and nonbowenoid tissues 474

human T-cell leukemia/lymphoma virus type-1, asymptomatic carrier, nasal-type natural killer cell lymphoma preceded by benign panniculitis 710
hydroa vacciniforme, atypical, artificial reproduction caused by latent EBV infection 476
hydrogen peroxide, increased generation by neutrophils from patients with acne inflammation 366
hydroquinone
clinical trial comparing skin whitening complex with hydroquinone vs. placebo in melasma 153
combined with 10% glycolic acid, antioxidants and sunscreens, safety and efficacy in treatment of melasma 966
hyperimmunoglobulin-E syndrome associated with extensive xanthelasma and anaplastic large cell lymphoma 944
hyperkeratosis of nipple and areola resulting from organoid nevus 318

ichthyosis vulgaris, acquired/hereditary 95
idiopathic photodermatoses, spectrum in a Mediterranean country 449
IgA gammopathy with pyoderma gangrenosum and acne conglobata 213
IgG antibodies to heat shock-induced streptococcal antigens in psoriasis 110
imiquimod, transient effect of topical treatment in cutaneous leishmaniasis 576
immunofluorescence, development of 99
immunohistochemistry of 20 cases of acral lentiginous melanoma 123
immunopathology, development of 99
impetigo
antimicrobial resistance of *Staphylococcus aureus* isolates from patients 23
update 251
impetigo herpetiformis followed by generalized pustular psoriasis 754
infectious mononucleosis, eruption associated with amoxicillin 553
interferon
combined with CO_2 laser therapy in multifocal papillomavirus epithelial hyperplasia 733
in treatment of Kasabach–Merritt syndrome 741
intertriginous granular parakeratosis, axillary, response to topical calcipotriene and ammonium lactate 382
iontophoresis, topical delivery of methotrexate in recalcitrant psoriasis 157
Iraq, Paederus dermatitis 608
isotretinoin
acute rhabdomyolysis and myoglobinuria associated with therapy 499
herpetic whitlow during therapy 496
response of generalized annular granuloma 321
Israel, comparative 10-year study of achievements in dermatological research with Denmark 398
itching, psychosocial approach to understanding of 160
ivermectin
as possible treatment for swimmer's itch 917
in treatment of demodicidosis in a child with leukemia 724

Jorge Lobo's disease, lymph node involvement 938

Kaposi's sarcoma
epidemic HIV-related in West African women 794
following allogeneic peripheral blood stem cell transplantation 647
neither sarcoma nor neoplasm 844
in renal transplant patients 18
Kasabach–Merritt syndrome, treatment by stepwise regimen of prednisolone, dipyridamole and interferon 741
keratinocytes, cultured on polymer support, reconstruction of epidermis by grafting 219
keratoacanthoma, nodules resembling as presentation of cutaneous lupus erythematosus 950
Kindler syndrome 727
KMS, treatment by stepwise regimen of prednisolone, dipyridamole and interferon 741

Langerhans cell histiocytosis, congenital self-healing 245
large B-cell lymphoma, primary cutaneous CD30+ associated with EBV 718
large cell acanthoma 36
laser hair removal systems, comparison in different skin types 68
laser therapy
308-nm excimer, localized vitiligo 658
CO_2
in multifocal papillomavirus epithelial hyperplasia, combined with IFNα-2b 733
prominent nodules on face and neck in steatocystoma multiplex 302
Zoon's balanitis 305
for facial rejuvenation and skin resurfacing 480
flashlamp-pumped pulsed dye, verrucae vulgares 905
Lebanon, one century of dermatology 488
legs
hypertrophic lichen ruber planus complicated by squamous cell carcinoma 415
ulcers, clinical and economic impact of Apligraf® for the treatment of nonhealing venous leg ulcers 960
leishmaniasis *see* cutaneous leishmaniasis; mucocutaneous leishmaniasis
leprosy, lepromatous, reversal reaction in Micronesian immigrant 893
leukemia, demodicidosis in child with, treatment with ivermectin and permethrin 724
leukocytoclastic vasculitis with bullous erysipelas 300
leukonychia, transverse, chemotherapy-induced 468
lichen amyloidosis, generalized 649
lichen planopilaris, case reports and literature review 342
lichen planus
erosive perianal, tacrolimus treatment 217
evaluation of clinical types in anti-hepatitis C virus seronegative and seropositive Nigerian patients 933
oral erosive/ulcerative, preliminary findings in open trial of sulodexide compared with cyclosporine therapy 308
lichen ruber planus, hypertrophic of the leg, complicated by squamous cell carcinoma 415
lichen sclerosus et atrophicus, IgG antibody reactivity to *Borrelia burgdorferi sensu stricto* antigens in patients in Colombia 882
linear ectodermal cutaneous hamartoma 376
linear focal elastosis, facial 558
linear IgA dermatosis with chronic clonal myeloproliferative disease 143
linear polarized infrared irradiation (Super Lizer™), treatment for multiple-type alopecia areata 738
liquid nitrogen cryosurgery in treatment of chromomycosis 408
lung carcinoma with congenital plantar keratoderma, as a variant of Clarke–Howel–Evans syndrome 461
Lyme disease presenting as multiple erythema migrans lesions 715

© 2003 *The International Society of Dermatology*

lymph node involvement in Jorge Lobo's disease 938
lymphoscintigraphic analysis in chromoblastomycosis 622

malignant fibrous histiocytoma, cutaneous of the face 952
malignant pyoderma
  with corneal melt, limited Wegener's granulomatosis manifesting as 902
  in patient with Crohn's disease 896
Malta, characteristics of superficial mycoses 265
melanocyte–keratinocyte cell transplantation in stable vitiligo 132
melanoma
  acral lentiginous, immunohistochemical study of 20 cases 123
  call to action for early detection 78
  metastatic hard palate, scintigraphic visualization of metastatic lesions with N-isopropyl-*p*-[^{123}I]-iodoamphetamine 320
  with mycosis fungoides and dysplastic nevus syndrome 116
melasma
  clinical trial comparing skin whitening complex with hydroquinone vs. placebo 153
  safety and efficacy of 4% hydroquinone combined with 10% glycolic acid, antioxidants and sunscreens in treatment 966
menstrual cycle, comparison of nickel patch test reactivity in phases of 455
Merkel cell carcinoma, overview and recent advances in research 669, 749
N-methilglucamine antimoniate in combination with pentoxifylline in treatment of unresponsive American cutaneous leishmaniasis 203
methotrexate, topical delivery by iontophoresis in recalcitrant psoriasis 157
metronidazole, topical, efficacy in seborrheic dermatitis 632
Meyerson's nevus 895
MF *see* mycosis fungoides
Micronesian immigrant with lepromatous leprosy and reversal reaction 893
midges, biting 459
minimum erythema dose, correlation with skin phototype in phototherapy of Arab skin 191
minocycline
  central nervous system–pulmonary hypersensitivity syndrome induced by 316
  skin pigmentation induced by 551

examination of Bcl-2, Bcl-X and bax protein expression 789
generalized pustular, following impetigo herpetiformis 754
IgG antibodies to heat shock-induced streptococcal antigens 110
impact of newly available treatments for psoriatic arthritis 231
recalcitrant, treatment by topical methotrexate delivered by iontophoresis 157
red fluorescence on teeth of patients 582
stable plaque, prospective randomized study of calcipotriol versus coal tar 834
psoriatic arthritis, newly available treatments and impact on skin psoriasis 231
psychiatric comorbidity in alopecia areata 434
psychosocial approach to understanding of itching and scratching 160
purpura fulminans 130
pyoderma gangrenosum (PG)
with acne conglobata and IgA gammopathy 213
case reports and literature review of ulcers mimicking 84
Wegener's granulomatosis presenting as 898

ramipril, Stevens–Johnson syndrome associated with 580
recurrent aphthous stomatitis unresponsive to topical corticosteroids 394
red fluorescence on teeth of psoriasis patients 582
Reiter's syndrome, new insight into pathogenesis using bioinformatics tools 242
relapsing polychondritis 707
renal transplant patients
cutaneous alternariosis 630
Kaposi's sarcoma 18
rhabdomyolysis, acute, associated with isotretinoin treatment 499
rickets, vitamin D-dependent type II with alopecia, case reports and literature review 682
rofecoxib therapy, acute onset of neutrophilic dermatosis following 389
rosacea
critical review of the manner in which efficacy of therapies are evaluated 909
incidence of anti-*Helicobacter pylori* and anti-CagA antibodies in patients 601
measurement of severity 444

scabies, atopy patch test reactivity to house dust mites 246
scintigraphy, ^{123}I-IMP, visualization of metastatic lesions of hard palate melanoma 320
scleromyxedema 31
scopolamine butylbromide, successful treatment of cholinergic urticaria 850
scrapie, ectoparasites as vectors 425
scratching, psychosocial approach to understanding of 160
scrofuloderma, appearance of herpes simplex on scar 664
Scuibba, JS et al *PDQ Oral Disease Diagnosis and Treatment* 663
seasons, effect on excision of acquired melanotic proliferations 686
seborrheic dermatitis, efficacy of topical metronidazole 632
seborrheic keratosis, eccrine porocarcinoma arising in, dermoscopy evaluation and treatment with Mohs' technique 653
sexually transmitted diseases clinic in Greece, incidence determinants of gonorrhea, chlamydial genital infection, syphilis and chancroid in attendees 876
Sézary syndrome, treatment approach at University of California, San Francisco 53
shoe dermatitis, common allergens, experience in Lahore, Pakistan 605
